The Institution has facilities and initiatives for

1. Disabled-friendly, barrier-free environment.

With regard to the facilities provided to the differently abled people, we have the following facilities in our college.

1. Ramp 2. Wheelchair

We have a ramp at the entrance of the college. This is very useful for the college staff, students, and others who are differently abled. We have a very little number of the differently abled. So, we organize the classes for them on the ground floor itself. This is one more step that we have taken in favor of the Differently Abled.

2.Wheelchair:

The wheelchair is so useful and comfortable when any differently-abled visits or appears or comes regularly for academic purposes. Having access to a wheel chair allows the user to travel independently wherever they want, whenever they need.
