POLICY DOCUMENT

Disabled friendly barrier free environment

Our institution takes steps to ensure a barrier-free environment that is accessible to people with disabilities and firmly believes in an inclusive approach to teaching. In order to guarantee that people with disabilities enjoy their rights on an equal basis with others, the Rights of Persons with Disabilities Act, 2016 was put into effect. Our college has made numerous efforts to provide a barrier-free learning environment for its differently abled students in compliance with the act's stipulations.

The college provides wheelchairs, ramps, and handicapped-accessible restrooms so that physically challenged students and staff can get around safely and conveniently.

The college library offers audio book downloads from Amazon to help visually impaired students with their reading comprehension and knowledge improvement. Apart from the audio books, there is an additional option for students to enhance their speaking skills by learning an English pronunciation dictionary.

Students who are physically challenged might request that Scribes assist them in writing their exams.

Objectives of the policy:

In order to prevent discrimination, exploitation, and preventing staff and students with disabilities from actively participating in academic and related activities, it is imperative to establish an inclusive campus culture.

- **To ensure that employees and students with disabilities don't experience any sense of inferiority toward others.**
- **To ensure that all laws pertaining to people with disabilities are implemented.**
- **To mobilize the necessary resources to provide a barrier-free environment for the impaired.**
- **To promptly resolve the complaints of the disabled.**
